

Amendment approval requirement 206

Corrugated safety metal hose assemblies

Date amendment: 30-10-2025

Approved by the Board of Experts GASTEC QA

07-11-2025

Use of this approval requirement by third parties, for any purpose whatsoever, is only permitted after a written agreement has been concluded with Kiwa in which the right of use is regulated.

Validity

This amendment belongs to approval requirement 206 d.d. August 2024.

Accepted by Kiwa Nederland:

This amendment is accepted by Kiwa on November 14th, 2025.

Description of amendment:

Articles 4.2 “Stress corrosion resistance” and 4.2.1 “Test method” have been deleted in their entirety.

This change has no consequences for GASTEC QA certificates already issued.
